

OLD GLORY WAVES TODAY OVER SANTIAGO

(Scripps-McRae League Service.)

WASHINGTON, July 14.—Santiago formally surrenders at 3 o'clock p. m.

(Scripps-McRae League Service.)

WASHINGTON, July 14.—Following has just been given out: "Playa del Este—I have just returned from an interview with Toral. He agrees to surrender on the basis of being returned to Spain. The proposition embraces the eastern end of Cuba, from Acerraderos on the south to Sangua on the north, via Palma, with practically the fourth army corps. The commissioners meet at 2:30 o'clock to arrange the terms of the surrender."

(Signed) SHAFER."

MORE TALK OF SURRENDER CAUSES DELAY AT SANTIAGO.

The Spanish General Wants a Commission Appointed to Arrange the Terms of Surrender—May Be Appointed.

BUT SANTIAGO MUST SURRENDER AT ONCE.

Shafter Will Stand No Needless Delay—Our Guns Are All Trained on Santiago, Waiting for the Signal to Begin.

BELIEVED IN WASHINGTON THAT SURRENDER IS NEAR.

WASHINGTON, July 14.—Shortly after 11 o'clock this morning Secretary of War Alger received a dispatch from General Shafter saying General Toral had asked for the appointment of a commission to consider terms of surrender.

It is believed the dispatch indicates that Santiago is on the point of being surrendered to the Americans.

SIBONEY, July 14, 9 a. m.—General Shafter says if the Spanish do not surrender the city by noon Santiago will certainly be destroyed by bombardment by the fleet and army acting in concert.

EUROPEAN NATIONS ADVISE SPAIN.

LONDON, July 14.—The Berlin correspondent of the Times says that several of the European powers have confidentially hinted to the Spanish government that negotiations for peace ought to be begun immediately.

They have also advised Spain to cede one or more of her islands to the United States as security for the payment of the indemnity.

Spain is also advised to convert the Philippines and her other colonies into republics under Spanish suzerainty.

BLANCO'S INSTRUCTIONS TO TORAL.

MADRID, June 14.—General Blanco has notified the war department here that he has instructed General Toral to resist an American attack at Santiago as long as possible, but to end the struggle at his own discretion.

SPAIN FEARS A CARLIST UPRISING.

MADRID, July 14.—The Epoca advises the government to occupy the northern provinces of Spain with bodies of troops immediately, as an organization of the Carlists is certain. The northern part of Spain is the Carlist stronghold and a Carlist revolution would make its appearance there first.

Sagasta declares that Spain can't accept the peace proposals that the American newspapers ascribe to McKinley.

ALL READY FOR THE SIGNAL.

PLAYA DEL ESTE, July 14.—The true ends at noon today, when a general assault upon the Spanish lines at Santiago is expected.

The American land batteries are all in position with their guns trained on the Spanish trenches.

The American warships are lying off Aguadores awaiting the signal to begin the attack.

MAY NOT BE YELLOW FEVER.

WASHINGTON, July 14.—Surgeon General Sternberg, of the United States army to whom the report of yellow fever among our troops at Santiago was made yesterday, said this morning that not a single fatality had as yet resulted from the disease which had been reported from the army in Cuba, and until a death occurs from it, it cannot be positively ascertained whether it is yellow fever or not.

BIG DAMAGES

Will be Asked by the Survivors of La Bourgogne Steamship Disaster.

New York, July 14.—A number of the survivors of La Bourgogne disaster have retained lawyers to prosecute their claims for damages against the Campagne Generale Trans-Atlantique, the owners of La Bourgogne. A test suit will be brought by Kantrowitz and Fesberg for Charles Liebre, chief of a Philadelphia hotel. A few months ago Liebre's wife died and having determined to have his two sons, Paul and Ernest, educated in Paris, he engaged passage for himself and sons on the ill-fated steamer. His sons were lost in the

disaster and his trunks and valises, containing valuable property, were also lost. The father swam for upward of half an hour in the ocean and finally approached the raft containing some of the survivors. He says he had to struggle to hold on to the raft against the assaults of those on it, including La Bourgogne's sailors. Liebre will sue for \$75,000.

SOME OF OUR PRIZES.

Key West, July 14.—The prizes Catalina, Buena Ventura and Gnilo leave today for New York. The Gnilo is to be transformed into an auxiliary cruiser by the government immediately.

SURRENDER MUST COME BEFORE COMMISSIONERS.

WASHINGTON, July 14, 2 p. m.—Secretary Long, after a conference with President McKinley at the White House, said that General Shafter had been instructed to inform General Toral positively that surrender must come first and the appointment of the commissioners to arrange details would come afterward.

He also stated that it had been decided that no troops would be sent from Cuba to Porto Rico on account of yellow fever.

SURRENDER NOW BELIEVED TO BE CERTAIN.

WASHINGTON, July 14.—General Shafter, it is stated here this afternoon, has been authorized to appoint a board of commissioners, as requested by General Toral yesterday at a meeting he had with Generals Shafter and Wheeler under a flag of truce, to arrange the details of the surrender of Santiago, provided the board take immediate action. Secretary Alger feels confident that the surrender is practically accomplished. Adjutant General Corbin says there is now no possible doubt but the surrender is, or will be complete, unless there is some scheme of treachery on the part of the Spaniards, which, he says, he does not anticipate.

THE IOWA

Will Be Dry Docked and Cleaned and Repaired.

New York, July 14.—The dry dock at the Brooklyn navy yard is preparing to receive the battleship Iowa. The Iowa will enter the dock in two weeks to have her bottom cleaned and to remove the Spanish shell from her armor that was imbedded there in the recent battle at Santiago.

SPANIARDS ARE FRIGHTENED.

LONDON, July 13.—A dispatch to Lloyds from Cadiz says that all buoys, lights and landmarks have been removed from that port. This is done to make the entrance of the American fleet into that harbor more difficult.

MONADNOCK ON HER WAY.

San Francisco, July 14.—Admiral Monadnock and her consort, the collier Brutus, arrived here on July 4. At that rate of sailing, they should reach Manila about July 30.

INSURGENTS ACTIVE.

Hope to Capture Manila Before the Americans Attack the City.

Chicago, July 14.—The Record has a special from Manila which says that the insurgents are concentrating their forces around Manila for one supreme effort to capture the city. A general attack was expected July 9. The insurgents have a strong desire to possess the capital before the Americans take the city by a land attack.

SPANISH VESSEL LOST.

MADRID, July 14.—General Blanco reports that the steamer Santo Domingo from Mexico with a cargo of Spanish stores has gone ashore at Punta Carlos in the Pinar del Rio province. American ships then set fire to the Santo Domingo, and both vessel and cargo were completely destroyed.

Dr. Edwards, Ear, Eye, Nose and Throat Specialist, Paducah, Ky.

ENGLISH NERVE!

Claims That It Was English Gunners Who Did the Work at Manila.

London, July 14.—Robert Cunningham Graham has written a letter to the St. James Gazette in which the former member of parliament says the excellent gunnery of Admiral Dewey's ships in the battle of Manila is due to the fact that most of Dewey's chief gunners were English gunners decoyed from British ships by the payment of five hundred dollars per month.

HAWAIIAN CABLE

Will Be Laid to Honolulu and Thence to Japan—Work to Commence in Six Months.

A Most Important Transaction That Means Much to Hawaii and the United States.

San Francisco, Cal., July 14.—

Advices received today from Honolulu state that a contract has been signed to lay a submarine cable from San Diego, Cal., to Honolulu and thence to Japan. Work will commence on the cable in six months.

This is a most important movement, both for the interests of Hawaii, and also of American commerce in Japan. If the United States retains the Philippines, the cable will probably be extended to Manila.

EXPECTS SPEEDY PEACE.

Chicago, Ill., July 14.—Senator

John M. Thurston, of Nebraska, believes the war with Spain will practically be over with the fall of Santiago. He said this afternoon: "I am now heartily in accord with any policy in favor of the annexation of Porto Rico. It would be a most powerful naval base and also a distinct gain for our great country."

STARVING REFUGEES.

Washington, July 14.—In response to advice sought at Washington, Maj. Gen. Miles has declined to assume responsibility for feeding 18,000 refugees sent out of Santiago by the Spaniards. They are starving to death, and some have already died.

SPAIN IN A BAD FIX.

Paris, July 14.—The Temps this afternoon, referring to the peace rumors, says: "Spain has to choose between arrangement with bad conditions attached and absolute bankruptcy. Moreover, it depends upon her to avert by opportune action grave international

SOME PEACE TALK.

But it is Only Semi-official Thus Far.

Madrid, July 14.—Senor Almodovar, minister of war, admits today that the British ambassador to Spain has made representations to Spain in the direction of peace, but he has done so only in a semi-official capacity.

GERMANY'S STRANGE ACTIONS.

Today's Courier-Journal says: Germany is playing with fire in the Philippines, and, though checkmated in its first bold move, which may have a strong moral effect, the incident is to be brought to the attention of Berlin, with a view of finding out what Germany means. The Philippine rebels attempted to take an island in Subig Bay, but were prevented by the German warship Irene.

Complaint was made to Admiral Dewey, who at once dispatched two men-of-war to take the island and deliver it to the insurgents. This was done without interference from the German—which would have meant battle—the Irene getting away from the island when the American warships steamed into Subig Bay.

United States Consul Wildman has received information that the German warships are landing supplies for the Spaniards. The Germans and Spaniards have been jointly working on Aguinaldo, and it is also reported that German officers have been seen in the Spanish trenches. Spanish courage has been greatly bolstered by Germany's attitude.

Aguinaldo, it was reported, proposed to assault the city of Manila July 12. His demand for surrender has been refused.

Don't Tobacco Spit and Smoke Your Life Away. To quit tobacco easily and forever, be honest, tell of this, nerve and vigor, take No-To-Bac, the wonder worker, that makes weak men strong. All druggists, 50c or \$1. Cure guaranteed. Send for booklet and sample free. Address: Dr. J. C. Bates, Chicago, or New York.

Richest Nation On The Globe.

(Baltimore Herald.)

Mr. Michael G. Mulhall, the noted English statistician, is clearly of the opinion that no other nation compares with ours in all the essential elements that go to make up aggregate wealth. He also notes the fact that while the most of European countries have attained their growth, the United States is apparently on the threshold of an industrial development which it has never dreamed of before.

Mr. Mulhall submits the following table of estimates, as being the result of a careful and comprehensive investigation into the sources of national wealth in the several countries:

United States	\$81,750,000,000
Great Britain	59,030,000,000
France	47,950,000,000
Germany	40,260,000,000
Russia	32,125,000,000
Austria	22,560,000,000
Italy	15,800,000,000
Spain	11,300,000,000

These computations are based upon values as shown by real estate records, buildings, merchandise and railroads in each nation. As will be seen, our wealth is more than seven times greater than that of Spain, double that of Germany, two and a half times greater than that of Russia, nearly double that of France, equal to the combined wealth of Russia, Italy, Austria and Spain, and \$22,720,000,000 larger than that of Great Britain.

Don't Like His Medicine

That Uncle Sam is giving him at Santiago, but he has to take it. You don't have to take anything but just what you want from our store of medicines. We never tell you that we have "something just as good," but give you what you ask for. Our drugs and medicines are fresh and pure, and our toilet goods are unrivaled.

REVOLUTION THREATENED.

Gautemala Has More Troubles, and Doctor Hunter May Witness a War.

San Francisco, July 14.—Fears of a revolution in Gautemala are due to the prevalent belief among the people that, if elected to the presidency, Cabrera, the present head of the government, will proclaim himself dictator. He became president on the death of Barrios, and now seeks the office for a six years' term. His strongest opponent is Jose Castillo, who is supposed to be backed by the army, in which he has served with distinction. The election of Cabrera is expected, and in anticipation of trouble many Americans are returning to the United States or removing their families out of the city.

CAPT. CLARKE PROMOTED.

Washington, July 14.—Capt. Clarke, of the battleship Oregon, was appointed chief of staff of the eastern squadron, and thus becomes second in command to Watson.

MARRIED THIS MORNING.

couple from Ragland United at the Commercial.

William Caldwell and Minnie Caldwell, young people from Ragland, this county, arrived in the city this morning and were married at 11 o'clock at the Commercial hotel by Rev. W. K. Penrod, of the first Baptist church. They will return home this afternoon.

THURSDAY, JULY 14, 1898.

The Omaha Exposition is reported to be a financial success so far. The daily receipts are in excess of the daily expenses by at least \$1,000.

The Democratic battle cry this fall will be "cheap money and no territorial expansion." This is the platform that the patriots and the business men of the nation will be asked to support, by the Bryans, the Goebels and the Baileys who have now got a down hill pull on the Democratic party.

The decision of the Danish authorities at St. Thomas that the United States war vessels cannot coal there is strictly according to the rules of neutrality, though the coal belongs to the United States. Our vessels can only use that coal while en route for a home port. But before another war breaks out the United States will have coaling places wherever necessary, and will not be annoyed by any such incidents as the St. Thomas affair.

The present war loan now being negotiated is emphatic evidence of the fact that the United States government need never apply to syndicates of capitalists and bankers when it is in need of money for any such purpose. The people have responded nobly to the appeal and show they have as much confidence in the administration as the present Congress had when it gave Mr. McKinley \$50,000,000 with no stipulation save that the money was to be used for defensive and offensive purposes. This

method of securing ready funds was long ago adopted by France and today her people are her heaviest creditors, not syndicates or ephemeral corporations suddenly called into existence.

WHAT RAILROADS SPEND.

The railroads of the United States expend in a year a sum more than \$100,000,000 in excess of the total expenditures of the United States government, and this computation does not include nearly \$250,000,000 paid in the form of interest upon railroad bonds or guaranteed stock and from \$50,000,000 to \$100,000,000 paid in the form of dividends to stockholders. The railroads, indeed, are the great distributing agencies of the country, handling never less than \$1,000,000,000 a year and disbursing it all, or practically all, for railroads as a rule do not keep large bank accounts, and do practically a cash business, turning money rapidly.

An estimate made by one of the scientific papers a short time ago gave as the average annual expense of American railroads in maintaining the condition of their roadbeds \$75,000,000 besides \$55,000,000 for the purchase of rails, ties and sleepers, and \$15,000,000 for the construction of new bridges. The railroads of the country spent last year for fences, sign boards, signals and watch towers \$3,500,000 and for printing and advertising \$8,500,000.

Very few persons have an accurate idea of the extent to which railroad expenses are to be subdivided, supporting, probably, that the largest items of expenditure are for cars and engines, fuel, employees and terminals. Such is the fact, but there are other large items, and one of the largest of these is the item of taxes. Railroad corporations in the United States are heavily taxed, and they pay collectively in a year, it has been estimated \$40,000,000.

There is then another item which figures largely in railroad accounts, the item of legal expenses, railroads being drawn into almost constant litigation and requiring at all times the services of counsel. It is estimated that expenses of the American railroads for professional legal services amount in a year to about \$10,000,000, and this is, of course, exclusive of the sums requisite to meet claims for personal injuries or damages to

property. Some of the large railroad companies expend as much as \$250,000 in a year for the settlement of such cases or the payment of judgments recovered. The item of expense on all American railroads is ordinarily put at about \$5,000,000. A serious accident may entail on a railroad company, damages so large as to offset many months of profit, and some railroads have been crippled for long periods by such cases. There are in the United States 800,000 railroad employees, 100,000 station men, 35,000 engineers, 40,000 firemen and helpers, 25,000 conductors and dispatchers, 65,000 trainmen, 30,000 mechanics, 20,000 telegraph operators and their helpers, 15,000 switchmen, flagmen and watchmen and 175,000 trackmen. The daily pay roll on all American railroads combined, officers and clerical staff included, amounts to about \$2,000,000.

MOVEMENT ON PUERTO RICO.

The Volunteer Regiments to Be Exchanged for Regulars at Santiago.

Washington, July 12.—Practically the movement on Puerto Rico has begun. Guns and ammunition and supplies now being loaded on transports for Puerto Rico, not for Santiago. Some of the volunteer regiments now leaving will be exchanged on arrival at Santiago for regulars, but most of them will go on with the army of occupation. The artillery, the wagon trains and the pack animals are for Puerto Rico, and will not be unloaded until they reach there.

Movements of troops will be very rapid from this time. Gen. Miles is a strong believer in the idea of plenty of men. He has from the start favored preparations to overpower the Spaniards with numbers. His plans for Puerto Rico contemplate an army of 25,000 to occupy that island, ninety-five miles long and thirty-five miles wide. It is probable, however, that General Miles will start from Santiago with a force of 15,000 men, expecting the 10,000 additional to follow as soon as the transports can be sent back for them.

It will be necessary to draw on the camps in this country for 25,000 men to make up the army which Gen. Miles deems sufficient for Puerto Rico, and leave enough troops with Gen. Shafter for further operations in Santiago.

This widening of the field necessitates the sending of more generals. Two in whom the president has special confidence have been selected. They are Gen. Brooke and Gen. Wilson. They will go at once.

At Santiago there will have to be a division of duties and responsibilities. One commanding officer will assume the office of military governor and undertake to bring order out of chaos. A combination of civil and military honors will devolve upon this officer. The military governor will take control of affairs at the city of Santiago, supported by a sufficient force of military. Another commanding officer will have charge of active operations in eastern Cuba, to round up the Spanish garrisons at Guantanamo, Baracoa, Manzanillo, Holguin and other cities.

Gen. Shafter is expected to remain in Cuba, but whether he will be military governor or will be given charge of the troops in the field has not been determined by the president.

General James H. Wilson is going to Cuba and may be put in charge of what the president regards as the most important work of the situation. He may be made the military governor and may undertake the execution of the reconstruction policy of the administration. The president has great confidence in General Wilson's judgment. The work of setting up a new government to take the place of Spanish authority is about to be undertaken at Santiago.

General Miles is credited with a desire to lead the Puerto Rican expedition. This desire will be gratified. General Miles will perform the same supervisory part that he did at Tampa in making up the expedition at Santiago and getting it off to Puerto Rico. He will accompany the troops and see the landing and the occupation well under way. But the army will have an immediate commander, who will have charge of all details, just as Shafter has had at Santiago.

General Brooke will go in command of the Puerto Rican army, according to present intentions, and will direct movements, subject to the approval of his senior officer, General Miles.

MARRIED AT METROPOLIS.

Miss Hattie Augustus and Mr. Frank Davis Married Today.

Miss Hattie Augustus, youngest daughter of Capt. W. E. Augustus of Indiana, went to Metropolis this morning where they were married. Mr. Davis is an employee of the Killgore Hauling factory. Miss Augustus is a belle of the South Side and a deserving and popular young lady.

Both have many friends to extend their warmest congratulations. They will reside in the city.

MAY GO TO CUBA.

Frankfort, July 14.—It is reported here that the Fourth Kentucky Regimental officers expect their regiment to be advanced, as soon as mustered, into a brigade to leave at once for Cuba. It is stated that the companies are being drilled extra time for this purpose, and that they will be given preference owing to the fact that no disensions have occurred.

A GIRL BABY.

Mrs. Pinner Conner, an inmate of the city hospital, last night gave birth to a bouncing girl baby.

SOCIETY NOTES.

This afternoon at 5 o'clock Mr. Arthur Gardner and Mrs. Irene C. will be united in marriage at the Leech home, on Fourth street. The wedding is to be a quiet one, only a few special friends and relatives being invited. After the ceremony the happy couple will leave for St. Louis on a bridal trip.

The dance that was to have been given last evening by the young men was postponed.

A dancing party that proved to be one of the most delightful of the season for the younger society set, was that of Miss Ruth Wells' last evening at her home on Jefferson street. A large number of young people, good music and delightful refreshments all lent themselves to make up a perfect evening.

Miss Katie Robbins, the little daughter of Mr. and Mrs. W. R. Robbins, entertains her young friends Friday evening of next week from 8 until 10 o'clock at her home on South Sixth street, the occasion being the twelfth birthday of this bright little miss.

A number of gentlemen in the city enjoyed a delightful fish fry at the lakes in Illinois last Tuesday.

A number of society people leave next week for Dixon Springs on a sojourn. The party is composed of Mesdames I. D. Wilcox, H. G. Tandy, W. W. Cowgill, Lloyd Bonwell, H. E. Reed and Misses Ann and Virginia Reed, Mary and Anna Roswell, Emma Reed, Emma McKnight, May Terrell and Elizabeth Sinnott.

Mr. Stuart Ashby Allen, of Cincinnati, spent Monday in the city.

Mr. Chas. Hapheys, of Fort Smith, Ark., arrived in the city yesterday.

Mrs. Eldridge Palmer, Mr. and Mrs. Louis Riecke, Mr. and Mrs. Henry Burnett, Misses Clarabel Riecke and Myra Gould left today for Canada.

Mrs. Chas. Beauchamp and children remain the guest of Mr. and Mrs. Mac Beauchamp until the last of the week.

Mrs. Will Clements leaves Saturday for Covington on a visit to her sister.

FAIRS.

It seems to be quite a fad in larger cities for the women to adorn themselves with miniatures of their grandfathers and grandmothers. These monuments of antiquity that have been calmly and serenely reposing in forgotten corners, are now being rooted out from the dust of ages and are polished and formed into buttons and breast pins for their fashionable descendants. The men do not seem to take to these up-to-date adornments, but content themselves with the glory reflected from their royal wives and historic daughters.

"What is your sad, Mrs. Newlywed?"

One of the up-to-date sisterhood said:

Have you no ology, ism, or cult?

Poet to annotate, quote, or consult.

Theosophical problem to chew.

Archaeological vein to pursue.

Science or sport that you chiefly affect.

Body of doctrine to probe or dissect.

Theoretical hurdle to vault.

Artist, or school, to exploit and exalt.

Mystical worship of Isis or Brahm.

That wraps the vexed soul in its infinite calm?

Well, then, perhaps of statistics you're fond.

Or travel—le monde entre mer ('cross the pond?)

A sociological bent you may own.

With plans for extraction of bread from a stone?

No, you reply? Then explain, I implore.

What is the fact that you most adore?

Blushing, the young wife raised her head.

My hobby's my hubby, ma'am, as she said.—PAUL PAXTON.

Many of us go away during the summer months, particularly families living in the cities, who tie themselves to the shore or mountains as soon as the gray winter season closes. During these summer outings, year after year, many new and pleasant acquaintances are made, and a pretty way of remembering such acquaintances who may never be met again, is by having a square of linen large enough for a table cover; on this you ask your friends to write their names and addresses, also any little phrase or remark they like, and when it is well filled, later on, during the winter, take it up and outline in fine silk each name on the square; this may be done all in one color or in a variety of colors, and is a charming souvenir to have.

Sofa pillows for the army girl, the hammock girl and the happy bachelor—new designs in sofa pillows are all the time appearing in the windows of the city shops, some of which are exceedingly artistic. A great number now for sale, represent in every possible way our army and navy. Our patriotic summer girls have any number of pretty pillows; among them is one made of denim squares, on which is painted a large flag, and under it stands an officer of the navy and several soldiers; another shows a string of the different flags used on board ships for signaling, etc.; still another shows the American eagle with spread wings, wearing "Old Glory." These are all finished in red, white and blue cord woven together, or with a wide ruffle made of ribbon, which is woven in three colors; the cord is of cotton, and as all the outlining is done in cotton colors, the pillow cover is not very expensive, but is really attractive.

Another pretty pillow for the hammock girl is of red, white and blue striped silk, from which the whole pillow and ruffa may be made, and before mounting a silk flag may be

MUNYON'S

RHEUMATISM

I will guarantee that my Rheumatism Cure will relieve your pain, remove all rheumatic pains in two or three hours, and cure in a few days.

At all druggists, 25c a vial. Guide to Health and Medical Advice Free. 1508 Arch st., Phila.

blinded across the center, thus relieving the sameness which is apt to be noticed when the pillow and ruffles are made of the same material.

For a bachelor's den or smoking room, a pillow with the new "poker" covers is very appropriate; this is of green denim, on which are distributed four or five good hands at poker; also the discard, showing the back of the cards; in the center are some red, white and blue chips and a very pretty "kitty."

Other novelties this season are pillows with covers showing the Minnie and others the motto, "Remember the Maine."

NEWS OF THE RIVERS.

There was very little business transacted on the levee today.

The regular packets were all here and away as usual today with fair freight lists.

The P. D. Staggs leaves this afternoon for Waterloo, Ala. She is expected to have a nice freight trip.

The Mayflower arrived from St. Louis late yesterday afternoon. She lay here only a short while and left on her return to St. Louis. She transferred her Tennessee river freight to the Staggs.

The towboat I. N. Hook passed out of the Tennessee river yesterday afternoon bound for Evansville with a tow of two barges of lumber.

The Cumberland river is extremely low, while the Tennessee is threatening to go dry with very little chances for the Ohio retaining its present stage for any length of time.

The H. W. Buttrif will withdraw from the Cumberland river and the R. Duncan will take her place. The Buttrif only goes as far as Clarksville this trip on account of the water.

MAY HAVE TO PAY FOR IT.

Belief in Washington That Cervera's Main Object Was to Destroy His Fleet.

Washington, July 14.—While every one here agrees that Cervera's attempt to escape from Santiago harbor was a brave act, there is a division of opinion as to the effect it will have upon the indemnity the United States will demand of Spain as a price of peace. The Spanish squadron while in Santiago harbor was informally surveyed and a value of about \$12,000,000 placed upon it. The Spaniards were formerly notified that the willful destruction of the fleet to prevent its falling a prize to the American forces would be met by adding \$12,000,000 to the war indemnity.

Some of the officials are inclined to the view that the Spaniards, fearing the capture of the fleet in the harbor, and being unwilling under the circumstances to destroy the ships themselves, ordered Cervera to take the chance of escaping with orders to complete the wreck of the squadron should he fail.

In this connection it is pointed out that the vessels were willfully damaged after the colors had been struck, and that to make their destruction complete, sea cocks were opened. Some officials even contend that magazine explosions after the vessels were beached were not all accidental and due to the caused by American shells; that some at least were exploded by the Spaniards. This is a nice question that will be thoroughly considered before the American demands are submitted to Spain.

Should the Christobal Colon, Maria Teresa and Vizcaya be floated and brought to the United States, their addition to our navy may seem an enormous demand, but the officers of the navy who take the view that Cervera's exit from Santiago was for the purpose of destroying his fleet should escape be impossible strongly insist that the Spaniards should be made to pay.

SAM CLARK.

Goes to Eddyville With the Remainder of the Prisoners.

Circuit court at Mayfield is drawing to a close, and today the prisoners sentenced at this term were carried through the city en route to Eddyville, where they will be placed in the penitentiary. They were as follows:

Henry Ballard, who was brought here from Eddyville as a witness against John Rhodes for house breaking; John Schofield, huggy stealing, one year; George Cope, false swearing, one year; and Sam Clark, murderer, ten years. It was first thought Mr. Clark would take an appeal, but it is learned that he will not do so, and he was taken to Eddyville to begin his sentence.

Coal.

If you want a load of clean nut coal, telephone No. 70. 214m HARRY & HENKELBERGER.

No-To-Bac for Fifty Cents. Guaranteed tobacco habit cure, makes weak smokers strong. 50c a box. All druggists.

Argument

Is not necessary to convince a thinking person that money is thrown away when invested in a typewriter that has not passed its experimental period. Years of hard, thoughtful effort and continual experimenting are necessary before reaching approximate perfection in a writing machine. Is it wisdom, then, for one to contribute to this cost of experiment?

Reputation Established

Years of experience, constantly increasing sales the world over—the natural result of typewriter excellence—is the unquestioned record of

THE SMITH PREMIER TYPEWRITER.

When you buy a Smith Premier you obtain a writing machine that is in advance of all others in points of improvement and durability. Do not pay for the costly experiments of others. The Smith Premier passed its experimental period years ago. It now stands the leader among writing machines. Descriptive catalogue free.

THE SMITH PREMIER TYPEWRITER CO.,

A Challenge

To prove the superiority of the Excelsior bicycle and to demonstrate to the people of Paducah which is the best bicycle, we make the following challenge: We will put our string of riders against any other riders mounted on any other different make of wheel—the best preferred: open races, from one quarter to three miles, to be sanctioned by L. A. W., at any time, at any suitable place.

We claimed to have mounted on our wheels the majority of the best riders in Paducah. Afterwards we learned that others claimed the same honor. We will back our word because we advertise what we believe to be the truth. We don't lie in the harbor like Cervera and claim to have the best boats and superior gunners; but, like Sampson, we are waiting for a battle. And when all is over you will have learned that those who are inferior as Cervera's cruisers when compared with the Excelsior.

Will see you later and explain why you should ride an Excelsior. We are agents for the only wheel that bears the union label. All kinds of bicycles required.

\$2,500 SUBSCRIBED.

Circles Organized in the Baptist Church for Subscriptions.

The Amount for Church Improvements to Be in by January Next.

There has been subscribed to the building fund of the First Baptist church, about \$2,500, and the church congregation has organized into ten circles of ten members each, for the collection of the remainder of the amount necessary for the church improvements, about \$2,000, which is to be by next January.

A great deal of interest is being taken in the work now, and it is practically sure that the requisite amount will be secured. As is doubtless well known, the church is to be improved by extensive preparations, and a complete remodeling, which will make it one of the prettiest in the city. The work will not begin until next spring.

ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

CHEWED UP BY A DOG.

Horrible Plight of a Man Who Arrived Today to Apply Capt. Fowler's Mad Stone—Resides at Eddyville.

Was Attacked by a Mail Dog and Terribly Wounded—The Dog Finally Killed—It Bit Others, Also.

An old gentleman arrived in the city this morning on the 11 o'clock accommodation in a most horrible plight. He was a mass of scabs and sores and clotted blood. He was R. T. Rowland, of Lyon county. He went straight to Robertson's drug store, accompanied by a young man he said was his son-in-law, and there asked for a mad stone. He said he had been bitten by a mad dog. To a reporter he told his story. Yesterday afternoon he was at home, at a farm place near Eddyville, Lyon county, when a yellow dog came along and attacked him. He fought the savage canine off with all his might, but could do nothing with him.

The old fellow is 78 years old, and before the animal could be driven off and killed, the aged victim had been literally chewed up all over the face, hands and arms, in addition to having several other wounds in various other places.

His fingers were bitten almost off, and his face was lacerated in an almost incredible manner, as was his arm.

The beast was evidently mad, and was soon killed, but not until it had bitten almost innumerable other animals, and had chewed one colored woman's toe nearly off. It was then killed.

The aged and infirm victim was brought here for treatment, and at once discerned that it would require a long time to apply the mad stone to all the wounds.

He sat around the drug store for several hours, with the flies swarming all over him with his bloody, bandaged hands and face, and cursing crowds around him constantly. It was the general opinion of all that he is in a dangerous condition, especially on account of his age.

Mr. Rowland was apprised of the fatality of attempting to apply the mad stone, and at present time he and his son-in-law intended to return on the 4 o'clock train this afternoon.

A FLORIDA INSECT. Gigantic and Lively Creature That Infests the State.

Some parts of Florida are infested with an animal of extraordinary character, which has about the same relation to a cockroach that a whale bears to a hornpout, remarks the Boston Transcript. It is a gigantic but extremely lively creature, which suddenly appears from almost anywhere and goes racing like a shot over anything that comes in its way. The strongest man will jump like a girl at the appearance of it. It seems to be particularly abundant up at Lakeland. Shortly after the arrival of troops at that place a New York journalist of delicate sensibilities went up to Lakeland and found that he had to stay all night. By dint of much persuasion he obtained permission to put up at a local tavern, whose proprietress seemed to have a deeply grounded objection to entertaining any guests at all. She gave him a candle and he went upstairs. Presently he came rushing down, in his shirt and trousers, bearing the candle, which had been extinguished by the rapidity of his flight. On his face was an expression of terrible alarm.

"See here!" he said, "there are cockroaches as big as rats running all over my bed!"

The landlady sighed deeply. "Why," she said, "presently, you ain't afraid of them, are you? Why, they get into our table drawers and eat up our postage stamps on us as fast as we get 'em!"

That was all the newspaper man could get out of the landlady on the subject. He had to go back to his room, and sat up wondering what sort of table drawers they could have in Florida that these creatures could get into them when he fell asleep of actual exhaustion.

Decrease in Patients. Twenty-five years ago the Charité hospital in Berlin harbored 2,000 patients at a time. This number has been reduced to 1,600 in consequence of the superior hygienic demands of our time.

PERSONALS.

Mr. W. A. Gardner has returned from Dixon.

Miss Alma Graves is visiting Miss Bertie Harper at Ragland.

Mr. Elmore Steger left this morning for Princeton, on business.

Mr. C. L. Brunsou left at noon for Detroit to spend several days.

Miss Ruth Kraft, of Evansville, is a guest of Mrs. James Utterback.

Mr. J. P. Rice and wife left at noon for Dixon to spend several days.

Hon. John K. Hendrick left this morning for Eddyville to take depositions.

Miss Lillie Wright and Mrs. Jennie Bondurant leave tomorrow for Dawson.

Mrs. J. Rowlett and daughter left yesterday for Louisville, after a visit to friends here.

Councilman Mann W. Clark has returned from Dawson, and is much improved in health.

Mr. Ellis Bour has returned from St. Louis, where he has been assisting in the production of "Cuba."

Mr. Ed W. Hubbard, deputy collector, passed through the city today en route to Beuton, on important business.

Mrs. J. W. White will return to Louisville today, after a several months' visit to her daughter, Mrs. J. J. Borschein.

Mrs. Jesse G. Curi and Miss Hannah Bonds left this afternoon for Clinton on a visit to Mrs. Almada Moss, their aunt.

Mrs. M. A. Cunningham was called to Canton, Trigg county, yesterday, by the illness of her son, Rev. J. T. Cunningham.

Mrs. A. E. Given has returned from Henderson, accompanied by her daughter, Mrs. L. A. Washington, who is visiting her.

Mr. L. Moninger, who has been bookkeeper for Kilgore & Co. for several years, left this morning for Chicago, to spend the summer.

Mrs. Christine and daughter, Miss Lillie, and Mrs. Geo. Davis, and Mrs. Fred Hoyer and daughter, Miss Myrtle, left today for Dixon.

Miss Ruth Weille entertained her young friends last night at the residence of Mr. Ben Weille. There were many present and a most enjoyable time was had by all.

Mr. G. W. Robertson, who has been ill for sometime past, was able to sit up about six hours yesterday, and today is even better. His many friends will be pleased to learn of his recovery.

Mrs. Emily Netherby and daughter, Mrs. Horlene, of Louisville, are visiting the family of Mrs. Netherby's brother, Mr. Henry Moseby, of Mechanteburg. They leave tomorrow for Chickasaw, where Mrs. Netherby has a son serving in the army with a Tennessee company.

Races at Fair Grounds, Thursday, July 21, Friday, July 22.

POLICE COURT.

There Were Several Cases of Interest This Forenoon.

A Number of Culprits Were Held Over—Cases Continued.

Wm. Coleman, charged with stealing a pistol belonging to Mr. Hume Ogilvie, was also docketed. There is a clear case against him. The pistol is the same one found beneath his head yesterday when he was arrested.

The case against John Bell, alias "Jaybird," was continued. He is charged with false swearing.

The case against Doss Moore, colored, charged with cutting his wife, was tried, and the defendant was released on his own recognizance, as was the woman. She swore two or three different ways in the case.

Arthur Crawford, alias Albert Brown, colored, charged with breaking into a house and stealing a watch, was held to answer.

Henry Johnson, charged with pension frauds, was held to answer in the sum of \$200. He is a well known colored dray driver.

Will Coleman, the negro charged with insulting Dr. Eubanks, and who had a pistol under his head when arrested by Officer Gray, was fined \$20 and costs in the police court this morning.

Frank Short, for being drunk, was fined \$1 and costs.

No-To-Bac for Fifty Cents. Guaranteed tobacco habit cure, makes weak men strong, blood pure. 50c. \$1. All druggists.

To Cure Constipation Forever. Take Cascarella Candy Cathartic. 10c or 50c. 11 C. C. Co. Mail to name, druggists refund money.

FOR LARCENY.

John Henry Bell, Wanted at Golconda, Arrested Here by Illinois Officers.

He Stole a Horse and Several Other Things, It Is Alleged.

John Henry Bell is the name of a negro arrested here last night by Sheriff Tom Morse and Deputy Jas. D. McGee, of Golconda, on a charge of stealing a horse, a watch, and several other things from Lefe Dyer, of Pope county, Ill.

The horse was found across the river, where Bell is said to have turned it loose. None of the stolen property was found in his possession, but the officers say they have a sure case against the prisoners, who was committed to jail this morning to await the arrival of the boat.

Bell was this morning taken before Judge Sanders about 10 o'clock, and turned over to the Illinois officers, he having agreed to return without a requisition. He was taken away on the packet.

YOUTHFUL BURGLAR.

Henry Winn Arrested This Morning and Put in the Lockup.

He Is Charged With Burglarizing the Commercial House—Only 15 Years Old.

Henry Winn, colored, was arrested this morning by Officers Smedley and Potter on a charge of house breaking.

Last night someone entered the Commercial hotel, at Third and Jefferson streets, and stole a silver watch belonging to Mrs. Daisy Drennon, wife of the proprietor.

Several articles of minor importance and value were also taken, and Winn, who had been seen lurking about the place, was arrested. The watch was found in his possession.

He was locked up and the case against him was continued until tomorrow morning. He is quite notorious as a criminal of the "younger set," being only 15 years old.

MORE SIDEWALKS NEEDED.

A Chance for the City to Secure a More Extended Postal Service.

Postoffice Inspector Fletcher is in the city looking over the ground with a view of perfecting and extending the free delivery service. He is favorably impressed with the city and recognizes the necessity of more carriers and more trips daily. The great drawback to Paducah getting the service she is entitled to is the lack of sidewalks. This feature will prevent the flourishing suburb of Rowlandtown securing the service, and likewise will retard other portions of the city from getting the service. The city council can add more to the improvement of our city by a liberal extension of street and sidewalks than in any other way.

Postmaster Fisher is working hard for the improvement of the postal service of the city.

RIVER FRONT PARK.

The City Making Efforts to Secure One—Chances of Success.

Mayor Lang, in behalf of the city, has written to the Illinois Central, through Supt. Harshen, to ascertain if the road will accord the city permission to beautify the ground on the river front, on the wharf, between First and the river, and Broadway and Court.

The place is now a disgrace to the city, and the latter would gladly improve it if the railroad company would give its consent.

The company is now improving a small plot of ground near Broadway and the railroad intersection, and it is the opinion of the mayor and the public improvement committee that Supt. Harshen will accord the city the desired permission.

If he does, all the old machinery, trash, and decaying vegetation will be removed.

DISSOLUTION NOTICE.

The co-partnership heretofore existing between S. Stark and H. M. Stark, doing business as S. Stark & Bro., at 120 South Second street has been dissolved by mutual consent, S. Stark is to remain and conduct the same business, assuming all the liabilities of the firm as well as collecting all accounts due the firm.

THE "HOT TOUCH."

A New Race of the Tennesseean for Securing a Loan.

Every man—that is, nearly every man—has been "touched," and therefore the explanation of a "touch" which is given herewith is for the benefit of women and children who do not know. A "touch" is a "snatch," a "strike," a "horror." There are many different kinds of touches. There is the "hot touch," the "snatch touch," which is the "hot touch" and the "snatch touch," the sympathy touch and other kinds too numerous to mention.

A "hot" touch or "snatch" touch is one that is made so quickly that the "toucher" gets the money he asks for before the "touched" realizes what is happening.

The other day a "hot one" was made on a young man who is rather "near" with his money. The toucher in this case was an artist. He rushed up to the toucher with tears in his eyes and said: "I've got to go to Nashville, old man. My mother is dead. Please lend me ten."

"I'm awfully sorry to hear about your mother's death," said the stinging one, as he produced the ten. "When did she die?"

"Eighteen years ago," said the toucher, as he pocketed the money and walked away.—Memphis Scimitar.
